

TOWN OF SUNSET BEACH

Town Council Agenda Items

Meeting Date: September 9, 2013

Agenda Item Number: 5c

Subject: Consideration to Request NCDOT to install Additional Signage at Beach Drive and Shoreline Drive West Intersection

Summary of Information: The Town received the following email:

Dear Council Members and Administration,

Representing the owners at The Regency, we would like to ask for assistance of the Town of Sunset Beach in working with the Department of Transportation to address a safety issue. We have noticed an increase in the number of accidents at the sharp curve at Beach Drive and Shoreline Drive West in front of the Regency. The Sunset Police provided statistics indicating that in 2012 there was 1 accident report and 2013 YTD there have been 4 reported and another that was not reported but witnessed by a resident. We recognize that these generally happen at night and the drivers are usually impaired. We would like to ask if the current sign on Beach Dr. indicating the sharp left turn and 15 mph speed limit have flashing yellow lights added to it. Or the signage be improved and warning more visible, especially at night. We feel that having the Town of Sunset Beach contacting the DOT may bring more of a response. We appreciate your assistance.

Respectfully,
The Regency at Sunset Beach Board of Directors

Council is request to instruct Staff concerning this request.
